Yvette,

please give me a call when you get a chance. The JSG Waiver that I just reviewed is not accurate.

Background 3rd Paragraph - In late 1996 Finance did not give you direction to bid the 1999. Finance did give you direction to bid the 1997 Program. Subsequently we told you that you could process a bid waiver for the 1997 program as long as you bid the 1998 Program (this is what was written on the approval form).

Additionally, the Bid Waiver does not provide any information regarding the 1998 Pricing as it compares to 1997 or other programs. This should be included so that Mike and Bob will have an understanding of the price they are agreeing to pay.

Please let me know if you have any questions. Brian
